Subject: Homeland Security Planner

The Homeland Security Planner opportunity we posted recently has now been placed on hold indefinitely. Due to recent news we have received regarding upcoming funding cuts we felt it was best to not hire for this position until funding becomes more secure.

We appreciate your understanding of our decision and thank you for your interest in pursuing an opportunity with the East Texas Council of Governments. Please continue to view our website, www.etcog.org, for future opportunities and notify us of your interest.

Sincerely,

Brandy Brannon
Director of Human Resources
