

PRESS RELEASE

Solid Waste Related Grant Funding Available for 14 County Region

Kilgore, TX, August 15, 2012: Local governments and special districts have the opportunity to receive grant funds from the East Texas Council of Governments (ETCOG) funded by the Texas Commission on Environmental Quality (TCEQ). To support regional waste minimization efforts in ETCOG's fourteen (14) county region, the solid waste program is accepting applications for its annual Municipal Solid Waste grant funds.

Grant funding requests must be in support of the goals and objectives of the *ETCOG Regional Solid Waste Management Plan*. Eligible public entities that may apply for funds are: 1) Cities; 2) Counties; 3) Public Schools and School Districts (excluding universities and other post-secondary educational institutions); and 4) General and Special Law Districts created as political subdivisions of the state, with the authority and responsibility for water quality protection or municipal solid waste management, including river authorities. The approximate expected total amount of funding is \$137,943.

Eligible project categories are: 1) *Local Enforcement*- This category consists of projects which contribute to the prevention of illegal dumping. These projects may include programs to investigate illegal dumping problems, educate the public on illegal dumping laws, and prosecute violators. These programs may also include activities such as monitoring collection and transport through a manifest system to enforce laws pertaining to the illegal disposal of liquid wastes; 2) *Source Reduction and Recycling*; 3) *Citizen's Collection Stations and "Small" Registered Transfer Stations*; 4) *Educational and Training Projects*- Educational components are encouraged under the other categories in order to better ensure public participation in projects; those educational components should be funded as part of those projects and not separately under this category. This category may include "stand-alone" educational projects dealing with a variety of solid waste management topics; 5) Community Cleanup Events; 6) Technical Studies; 7) Household Hazardous Waste Management; and 8) Local Solid Waste Management Plans.

Please contact Julie Burnfield at (903) 984-8641 x 237 for the following forms: Request for Applications (RFA) and a FY 2013 application form. The forms are also available online at <http://www.etcog.org/417/2013-Grant-Funding.htm>.

ETCOG will also hold a MANDATORY pre-application workshop for all applicants to assist in filling out the application, on Friday, August 24th at 10:00 A.M. and Monday August 27th at 10:00 A.M. Both meetings will be held

in the ETCOG Conference Room at 3800 Stone Rd., Kilgore. The deadline for application submittal is 5:00 pm Monday September 10th, 2012.

Solid Waste Management Plan

The purpose of the Plan is to provide guidelines for current and future solid waste management to local governments in the region. The State requires that the Regional Plan give preference, to the maximum extent economically and technologically feasible, to the hierarchy of management methods for solid waste, from the most preferred to the least preferred:

- Source reduction and minimization of waste
- Reuse or recycling of waste
- Treatment to destroy or reprocess waste for energy or resource recovery; and
- Land disposal

About ETCOG

The East Texas Council of Governments (ETCOG) is a voluntary association of counties, cities, school districts and special districts within the fourteen-county East Texas region. ETCOG assists local governments in planning for common needs, cooperating for mutual benefit and coordinating for sound regional development. Established in 1970, ETCOG, either directly, or through its contractors, provides programs and services for East Texas seniors, employers, and job seekers. ETCOG and its contractors also build the 9-1-1 emergency call delivery system, provide peace officer training and homeland security planning services; and deliver rural transportation services, business finance programs, and environmental grant funding for the region.
